Mobile Chernobyl: 2018 Update Including NM

2019 National Defense Authorization Act, green lights a new, submarine-launched nuclear warhead
2019 National Defense Authorization Act, approves \$717 billion for 13 new Navy warships, 77 F-35s, etc.
Nuclear plants continue making plutonium, Δ more nuclear waste: 100,000 metric tons of it and counting.

New Mexico Nuclear Waste?

US Government proposal is to truck nuclear waste throughout the United States to two temporary dump sites in Texas and New Mexico. So much piled up Δ moving it = continue for the next 40 years

Other Nuclear Arms From Los Alamos and Livermore

The B 61-12's thermonuclear warhead will reportedly have a maximum yield of approximately 50 kilotons, (three times Hiroshima) but war planners are expected to be able to reduce that yield. Peace Fasters believe all nuclear arms should be abolished, whether small or big.

Multiple Goals

We are fasters who have decided to forego nourishment for at least 4 days, from August 6th, the anniversary of the bombing of Hiroshima, until August 9th, the anniversary of the bombing of Nagasaki, to express our total opposition to nuclear weapons, and to call for their complete abolition. This is a form of spiritual activism that benefits all humans, some in the short run, others over the long-haul.
